

My name is Julia and I've been part of the staff team for two years.

I'm a qualified practitioner in Early Years children & young people, with over 13 years of experience in a private nursery in London, before moving to Midhurst.

I love creating a happy and safe environment, supporting children as they learn through exploring and the experiences we offer.

About me:

I have a grown-up family and love going to the theatre, taking walks in the countryside. I also enjoy watching my favourite football team Chelsea FC!
